EnviroServe Chemicals' Announces Plans for Expansion to Texas

Dunn, NC – *EnviroServe Chemicals*, announces that plans are being finalized for a future expansion into Texas. The new manufacturing and distribution facility should be up and operating by 2015. *EnviroServe* President, Gary Ballard is enthusiastic about the expansion and recently said that the expansion will “allow us to provide a more efficient resolution to meet our Midwest customer's needs and wishes”.

EnviroServe has built an outstanding reputation for problem-solving and delivering quality products.

EnviroServe Chemicals is an industry leader in specialty chemicals, and provides greener alternative solutions for industry segments such as surface cleaning and preparation, metalworking fluids & coolants, stamping / drawing press lubricants, rust prevention and removal compounds, specialty cleaners and degreasers, water treatment / waste water products, in-process cleaning and many more.
