

***Formulated for Performance™***

***FOR IMMEDIATE RELEASE:  
January. 2017***

**Product Spotlight: *EnviroLube* Lubricants**

Dunn, NC – *EnviroServe Chemicals* now offers a complete line of lubricating and hydraulic oils.

After several years of research and development, *EnviroServe* introduces its new line of RO Oils, Hydraulic Oils, and Way Lubes. Not only will these products have the same trusted quality as *EnviroServe's* other product lines, they will be more cost effective because they are manufacturer direct.

Most of these type of products are purchased by end users from distributors and catalog companies. *EnviroServe* will now manufacture and market these products to provide even more options to their current and prospective customers.
